EDUCATION

College Diploma in Computer Technologies 2015-present
EPHEC - Ecole Pratique Hautes Etudes Commerciales
Currently student in the last year of this college's degree. Specialization in computing, electronics, networking and telecommunications.

Certifications 2016-2017
Competence Center Technofutur TIC
Certifications about Java, C#, PHP, HTML5, SQL (Server), ASP MVC ...

College Diploma in Sound Engineer 2011-2015
IAD - Institut des Arts de Diffusion
During my years, I acquired knowledge in acoustics (physics, psycho-acoustics), in electronics dedicated to the world of audio. I also had more practical lessons (recording session management, mix, editing)

High School 2009-2011
Lycée Gustave Eiffel - Dijon, France
S.T.I. (Sciences et technologies industrielles) - Genie Electronique
Manufacturing of an RFID remote, electronic circuit manufacturing (from the card support to the confection of the electrical schema).

WORK EXPERIENCE

Internship 2012 - today
JetStudio - Brussels
I did an internship at the JetStudio. I still work for them from time to time when they need me. I attend the sound engineer during session, I mix, record, edit, organize session...

Internship in dubbing studio 2011
ArtSonic Studio - Brussels
For a few months, I mixed, edited, recorded for some series, cartoons and movies.

Internship 2011
Musiq3 - Brussels
Set up, assembly, disassembly, wiring, testing for the recording of a few concerts at different places like the theater of 'la monnaie' and for the 'Reine Elizabeth' competition
